SRIJAN MAJUMDER

Aspiring Software Developer

@ srijanm3418@gmail.com   📞 7357206366   📍 Guwahati, Assam   ⌷ FullVibranium   in srijan-majumder-07a169206/

EXPERIENCE

Co-Founder
Game In India

📅 July 2012 – Ongoing   📍 Remote

- Led a gaming news website with 3 other members
- Wrote 4-5 blogs every day
- Was successfully monetized by Google ads

PROJECTS

WorldWise
React | Vite

📅 Jan 2024

- **Personalized Travel Wish-list:**Users can create and maintain a personalized list of places they aspire to visit in the future and The application offers a user-friendly interface for easily adding, updating, and organizing destinations on their travel wish list.
- **Interactive Mapping System:** Worldwise App integrates an interactive map feature, allowing users to visually explore and select countries or cities they desire to travel to using an interactive map
- **Country and City Selection:** Users can choose destinations at both country and city levels, providing flexibility in planning their travel aspirations , it offers a seamless navigation system that enables users to precisely pinpoint and add specific locations to their wishlist.

Travel Checklist
React

📅 Nov 2023

- **Comprehensive Travel Planning:**The Travel Reminder List application provides users with a comprehensive platform to meticulously plan their travels. Users can create and maintain a detailed checklist of items essential for their trips, ensuring a smooth and organized packing process.

Voter App
React | Node js | ether | solidity

📅 April 2023

- **Secure Blockchain-Based Voting:**The Voting App is a secure and innovative solution that leverages blockchain technology for the election process. The decentralized nature of blockchain ensures the integrity and security of the voting system, making it resistant to tampering and fraud.
- **Front-End Development with React:** As the developer responsible for the front-end, the role involved using React.js to create an intuitive and responsive user interface. The React framework enables a dynamic and seamless user experience, facilitating the casting of votes with ease.
- **Integration of Ethereum Blockchain (ether.js and solidity):** The application integrates with the Ethereum blockchain using technologies such as ether.js for communication and Solidity for smart contract development. This ensures a transparent and immutable ledger of votes, enhancing the credibility and trustworthiness of the electoral process.

OBJECTIVE

"A diligent and aspiring web developer seeking an opportunity to leverage my skills and passion for coding to contribute effectively to dynamic projects."

EDUCATION

B.Tech in Computer Science
Kalinga Institute of industrial technology
CGPA: 8.74

📅 Aug 2020 – June 2024

Higher Secondary Education
Gurukul Grammar Senior Secondary school
Percentage : 73.6

📅 May 2018 – April 2019

Secondary Education
Vivekananda Kendriya Vidyalaya School
CGPA: 10.0

📅 April 2017 – June 2018

ACHIEVEMENTS

🏆 **CodeStudios**
Among top 3.52 percent coders in year 2023

CERTIFICATIONS

✏️ **Coding Ninjas**
Certification of excellence DSA (JAVA)

✏️ **Hackerrank**
Problem Solving (Intermediate)

✏️ **Hackerrank**
React (Basic)

SKILLS

React js   Java   SQL

HTML   CSS   Javascript
